CONFERS WITH WHEELER

**In Endeavor to Learn What Anti-
Saloon People Expect of
Convention.**

Columbus, O. Jan. 12.—The strongest proponents and opponents of the various ideas to be proposed to the constitutional convention for incorporation in the new charter will be appointed, it is stated by President Bigelow, today to the committees having the consideration of these ideas. This announcement was made following a long conference with Superintendent Wayne B. Wheeler of the Ohio Anti-Saloon League when it was admitted by President Bigelow that the league did not hope to defeat the liquor license clause but hoped to have it provide the extreme limitation.

It was stated that the conference was sought by President Bigelow with a view to learning just what the Anti-Saloon people wanted of the convention. These wants include a high character clause and high population limitation. Wheeler was informed that on all committees appointed President Bigelow did not intend to strive for a majority of any idea but would endeavor to have the strongest representatives of both sides arranged against each other.

Bigelow explained that this was intended with a view of having all the differences over a proposition threshed out before any report was made to the convention. "It will confine all fights," he said, "to the committees themselves. One man may report on any proposition opposing the report of every other member of a committee and his report will have first consideration."

Further than this the rules that will be adopted provide that nothing can be buried in committee because the author of any proposition when it has been in the committee's possession for one week may call it out and it is at once before the entire convention for consideration. Coincidentally with the appointment of W. B. Kilpatrick of Trumbull county as chairman of the woman's suffrage committee, it was said that the Woman's Suffrage state organization had rented headquarters here and would open their next week.

Four men were named today for the committee on the initiative and referendum by President Bigelow. Robert Crosser of Cuyahoga, author of the initiative and referendum municipal act passed by the last general assembly was named for one strong advocate of the plan. Opposing him was named James W. Halfe of Allen county, accredited with favoring political reforms, but who was unalterably opposed to the initiative and referendum. Others named by Bigelow were Elbert L. Lampson of Ashtabula and Michael T. Cody of Union county.

With the circulation by the president of a list of the committees which will be recommended by the rules committee to outline the work of the Ohio Constitutional Convention there began today a rush for the committee appointments.

The announced intention of Bigelow is to limit if possible the deliberations of the convention to the consideration of four principal ideas, namely: The initiative and referendum, liquor license, home rule for cities and judiciary reforms, caused a protest on the part of the advocates of other policies who are fearful that their plans will lose out. Farmer delegates are the loudest in their demands for a place on the good road committee which it is expected would prepare for the convention and seek to secure the adoption of the clause to raise the state's bond issue limitation to \$750,000 to permit the state construction of public highways. It has been advocated and petitioned for by every agricultural association meeting during the last eight months. It has also been endorsed by auto clubs and mercantile associations throughout the state.

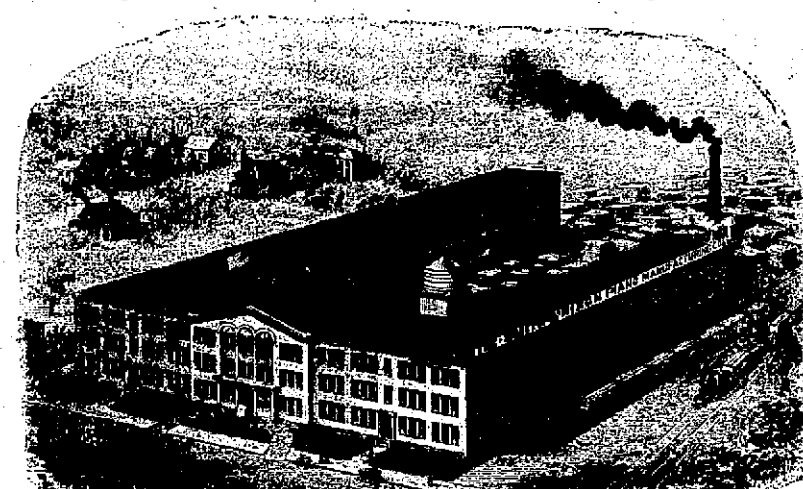

The opposing forces began their organization for the first contest of the liquor license proposition by rallying to the support of possible members of the liquor license committee which will in a large measure determine the fate of the proposed liquor license clause. A difference of opinion is manifested as to whether Bigelow's majority was wet or dry. There will be 317 committee places for 119 delegates or two committee appointments for each delegate with

PIANO PLANT IN WHICH A. L. RAWLING IS STOCK- HOLDER, GUTTED BY FIRE

An Associated Press telegram to the Advocate from Cincinnati this afternoon tells of the destruction of the Knabe Brothers Piano Company plant at Norwood, O., a suburb of Cincinnati. This plant is the one which

Newark stores and the pianos gave excellent satisfaction.

A special query to the Associated Press brought the additional information that the loss was covered by insurance and that in all probability

THE FACTORY DESTROYED BY FIRE TODAY.

A. L. Rawlings, the well known North side music dealer is a large stock holder and also a director.

The Rawlings store was notified by the Advocate this afternoon of the fire and this information was the first they had received regarding the fire. Mr. Rawlings is out of the city and could not be seen regarding the insurance, etc.

Mr. Rawlings became interested in the company about two years ago, when the Smith and Nixon Company was reorganized, taking in the Knabe brothers and taking over their patents and manufacturing rights.

The plant was one of the most complete and up-to-date in the country and was enjoying a splendid business. Mr. Rawlings has been handling the company's product in his seventy-five third places for that many of them. According to the plan of the committee on Rules and President Bigelow the greatest part of the work of the convention will be done by the committees, the more important having twenty-one members.

MET DEATH IN A BIG WRECK IN CANADA

Frank Ingle of Cambria street, who was notified several days ago that his son, Boyd Ingle, had been killed at Rainy River, Ont., Canada, received a telegram from the corner at Rainy River Friday stating that the body would be shipped just as soon as it could be prepared for interment. The body will be accompanied by two members of the Brotherhood of Railway Trainmen. It has also been learned that he met his death in a big wreck which occurred on the road on which he was running.

MISS WARMAN OFFICIATES.

Zanesville, Jan. 12.—The officers of the Betty Zane tent, Daughters of Veterans, were installed with Miss Virginia Warman of Newark installing officer, and Mrs. Sheen of this city guide. The president is Sarah L. Martin.

FOUND DEAD IN BED.

Akron, O., Jan. 12.—Miss May Spaulding, who came here from Pittsburgh several months ago, was found dead in bed shortly after she had taken a large quantity of morphine, probably by mistake. Although the theory of suicide has been advanced, the county coroner says that he will have to obtain more evidence before he will return a verdict to that effect.

MORAN-MANDOT BOUT.

New Orleans, Jan. 12.—The East Side Athletic club management has announced that an agreement had been signed by Owen Moran to meet Joe Mandot here on February 18, Carnival week, in a 20-round bout. Both men posted \$250 forfeit to make 133 pounds ringside.

RUNAWAY BOYS ARE RECAPTURED

Lexington, Ky., Jan. 12.—Four of the fifteen truants who escaped last night from the Greendale reform school were captured today and returned. Nine of the boys remain at large. Two of them were captured before they were able to leave the grounds.

the factory would be rebuilt at once. The Associated Press dispatch giving the details of the fire follows:

Cincinnati, O., Jan. 12.—The piano manufacturing plant of the Knabe Brothers company in Norwood, O., a suburb, was entirely destroyed by fire with a loss of \$200,000 today. The fire had gained such a headway in the inflammable material that it was impossible to cope with it. When the fire began to spread to neighboring homes the Cincinnati fire companies were called upon for assistance and relays of engines prevented further destruction. The firemen suffered terribly from fighting the fire with the ground covered with a deep snow and the thermometer close to zero.

INJURED IN A RIOT CALL

Lawrence, Mass., Jan. 12.—The general unrest among 25,000 textile operatives of this city developed into a demonstration at the mills today. A riot call was issued and several men were injured in the fight with the police that ensued.

PALACE DAMAGED.

Vienna, Austria, Jan. 12.—Fire destroyed a considerable portion of the palace of the Archduke Frederick in this city. Besides the structure, which was very badly wrecked, a great many valuables and paintings were destroyed. The fire started in the apartments of the Archduchess Isabelle, wife of the Archduke Frederick.

Leavenworth, Jan. 12.—Investigation was continued today in the origin of the poison believed to have been placed in the hash which caused the illness of 150 veterans of the Soldiers' Home Monday. The men are recovering.

MAROONED MEN HAD HARD TIME IN ESCAPING

Chester, Pa., Jan. 12.—Dr. S. R. Crothers, a former mayor of Chester, and T. Woodward Trainer, Jno. H. Brooks and John McClure left Chester a week ago for a gunning expedition along Tuckerton Bay, making their headquarters in a gunning cottage on Middle Island, about two miles below Maple Point, N. J.

They retreated to their cottage on Thursday night and were snowed in. Saturday morning they made an attempt to cross the bay in their naphtha launch, but after breaking the ice for about a mile they gave up the task.

The weather was at zero and the sportsmen found it hard work to keep warm in the cottage. Monday morning the food and water supply was so low that the men determined at all hazards to make a break for safety. They procured three small gunning smacks, one of which was used in conveying their equipments. With two men in each of the other small boats they started. After six hours' perilous work they reached clear water and finally attained the mainland two miles below Tuckerton.

FIANCEE'S FATHER STILL LOYAL TO PASTOR RICHESON

Boston, Jan. 12.—It is expected that within the next two weeks an appeal will be sent to Governor Ross and the executive council in an effort to save the life of the Rev. Clarence V. T. Richeson, condemned to death for the murder of Avis Linnell. The fight for a commutation of the sentence will be financed by Moses Grant Edmunds, father of Miss Violet Edmunds, the former fiancée of Mr. Richeson. He has retained faith in the minister believing him mentally unbalanced when he gave Miss Linnell the poison which caused her death.

PUBLIC IS BARRED IN THIS CASE

**John Bancroft Begins
Fight for Divorce
Before Super-
ior Court**

WIFE A DUPOUTHIR SS

**Witnesses are Summoned From
Abroad Tell of Trips Taken
By Young Wife With
Co-respondents**

Wilmington, Del., Jan. 12.—With the Superior Court Justices barring all spectators because of the "repulsive nature" of the testimony and the fact that there is in issue the legitimacy of a child, John Bancroft, Jr., supported and opposed by a brilliant array of lawyers, began his fight for divorce from Mrs. Madeleine Du Pont Bancroft.

Mrs. Bancroft was not in court, it being announced that she was ill, but it is expected that she will be called to deny her husband's charges.

Mr. Bancroft, his sister, Mrs. Pauline, Bancroft Chadwick, of New York, and many others were on the stand and most of them will be recalled to elaborate their stories.

Not once while he was on the stand did Mr. Bancroft say he disowned the child, who, in his petition, was called "Max Heibler, Jr." and made a co-defendant with his mother. He never mentioned Max Heibler, named as co-respondent.

The latter was brought into the case, later in the day, however, by witnesses from Germany who testified they often saw Mrs. Bancroft with Max Heibler in Munich and that she often took trips into the mountains with him.

One of the most bitter contests is expected over a letter which Mrs. Bancroft wrote to her sister-in-law, Mrs. Chadwick, in which it was declared she made some admissions and which Mrs. Chadwick endeavored to read while on the stand.

Lawyers for the defense immediately objected, and the letter will be the subject of long arguments, today.

John Bancroft, Jr., told of his elopement as a Princeton student, with Madeleine Du Pont, daughter of Arthur L. Du Pont, wealthy powder manufacturer; of their life in Paris and Munich, of the birth of his child, John Bancroft III; of his return to America and his separation from his wife after the birth of the son he has termed "Max Heibler, Jr."

Under the guidance of Attorney J. Harvey Whitman, Bancroft described his flight on December 18, 1907, with Miss Du Pont, from her father's home near Wilmington; of their efforts to procure a license in Washington, aided by a wealthy friend of the Bancrofts and of their marriage by Rev. Dr. McLeod, a Presbyterian minister.

"We were about 20 then," said Mr. Bancroft.

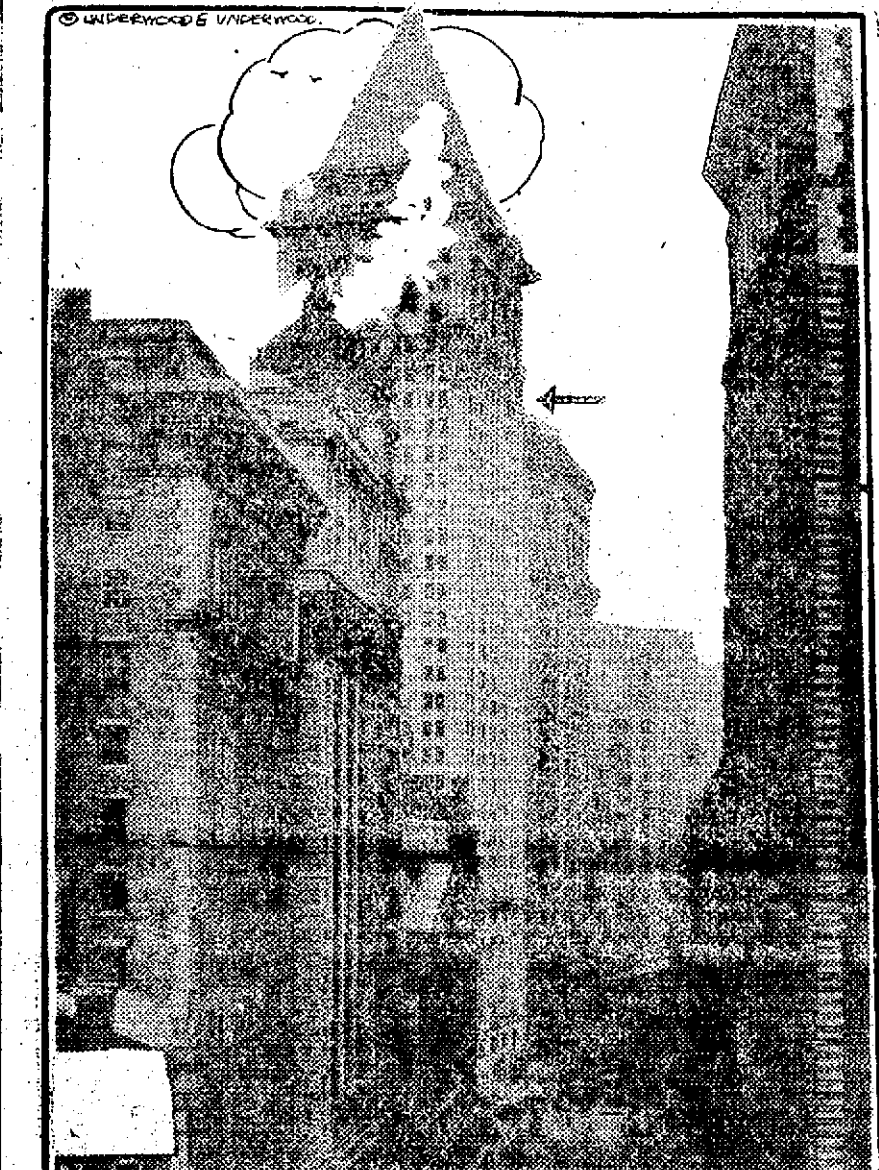

Soon after the ceremony the young couple departed for Freiberg, Germany, the husband testified, in order that his wife might learn the language and subsequently he went to Munich, where he entered Heidelberg to continue his studies in chemistry which he had abandoned at Princeton. He was living in Paris, he testified when his son John Bancroft III, was born in May, 1908. At this point T. Bayard Heisel, counsel for the young wife, asked the witness if he and Mrs. Bancroft were not living under the name of Harris when that child was born, and Mr. Bancroft admitted they had.

Throughout his testimony Mr. Bancroft referred to John Bancroft III, as "Hans." He said he left Munich in May, 1910, and came to Wilmington, where he was joined by his wife, who came from Germany the latter part of August that year. They lived for a while at the home of his parents, he testified, and subsequently occupied a home of their own, which they rented, although the fathers of both are possessed of millions.

They continued to live in their rented home until April, 1911, when the child was born which is disowned by the husband. Later in the trial physicians will be called to testify concerning Mr. Bancroft's contention that this child could not be his own. Mr. Bancroft was dismissed with only a few words of cross-examination, but it was intimated that he would be more closely questioned when he takes the stand again.

Helene Lampart, of Munich, and Mr. and Mrs. Ernest Stossel, also of that city, were the witnesses who told of seeing Mrs. Bancroft with Max Heibler. Miss Lampart was once employed as a maid and com-

panion for Mrs. Bancroft, she testified, but she left her in Wilmington last February because, she said, she had not been treated right.

It was while she was maid for Mrs. Bancroft in Munich, she declared, that she frequently saw her mistress with Max Heibler.

The services of Dr. Marion Dexter Learned, professor of German at the University of Pennsylvania, were required when Ernest Stossel, who is a clerk, took the stand. He cannot speak English, but through Dr. Learned's interpretations he told the Court that Mrs. Bancroft visited his home with "Little Hans" meaning John Bancroft II, in the summer of 1910, and that he frequently saw Mrs. Bancroft and Max Heibler together.

"They took many trips into the mountains together," he stated. His wife Mathilda gave testimony of a similar nature.

State Senator Charles R. Miller, a wealthy neighbor of the Bancrofts and John Bancroft, Jr., testified to the movements of John Bancroft, Jr. in Germany and told of accompanying him to this country in May, 1910. John Satterthwaite, a manufacturer of Wilmington, told of aiding Mr. and Mrs. Bancroft in their elopement and then Mrs. Chadwick, the husband's sister, took the stand. Mrs. Chadwick testified to intimate conversations with Mrs. Bancroft.

Other statements were made by the witness concerning Mrs. Bancroft's remarks, and then an attorney for the prosecution asked that Mrs. Chadwick produce the letter written by Mrs. Bancroft. Mr. Heisel immediately objected and the argument was in progress when court adjourned.

THREATENED BY INCENDIARIES

Coshocton, Jan. 12.—Irving J. E. Lyons, superintendent of the Roscoe schools and Messrs. Fred Landerman and Robert Greer, two well known Roscoe citizens, have received anonymous letters warning them to cease their activities in the investigation into the incendiary fire which destroyed the Roscoe school building several days ago. The building was totally destroyed with considerable loss and circumstances pointed to incendiary origin. The three men mentioned have been most active in pushing the investigation and they have been warned to desist, the letter writers threatening to burn their private property if the warning is not heeded. None of the letters were sent through the mail, but they have been placed in the hands of the state authorities as clues to the identity of the fire-bugs.

DROPS DEAD AFTER SILENCE OF 25 YEARS

Mayville, Ky., Jan. 12.—For 25 years Louis Raser and his wife lived in the same house without speaking to each other.

Last Sunday, without any apparent reason the wife broke the silence by asking her husband to have a cup of coffee. He replied: "I believe I will." Hardly had he uttered the remark

than he was attacked with heart trouble and died.

The incident leading to the tragic climax was not disclosed until today, when his will was made public. The dead man, who was a large property owner, willed everything to his wife. His body will be cremated and the ashes cast to the winds from the Cincinnati Suspension bridge.

Columbus, Jan. 12.—Although Benjamin Meek, former prosecutor of Wyandot county, who succeeded in securing a life sentence for Geo. Ury, alleged murderer of Coler King Johnson, who lived near Carey talked for an hour yesterday before the state pardon board, that body refused to change its recommendation for pardon and, consequently, the recommendation will go to Governor Harmon for action.

A storm of protest followed. The board's original recommendation, but a second hearing yesterday developed nothing to change its attitude. Ury, who is 69 years old, has served 10 years for a crime of which he is said to be innocent.

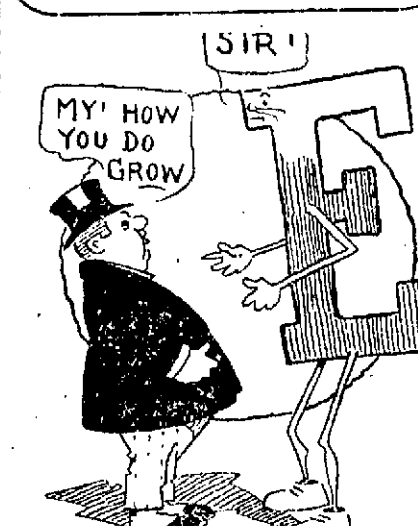

WANT AUSTRALIANS TO COME TO AMERICA.

Chicago, Jan. 12.—Harry Waldner, secretary of the Western Lawn Tennis association, said yesterday that United States players would cease to be contenders for the international trophy unless Australian players accept an invitation to come here and defend the Davis cup on American courts. This Mr. Waldner said was the sentiment of tennis players throughout the country.

BELIEVE MOTHER IS INNOCENT

**Will Stand by Woman

HEARING NEXT TUESDAY

**Mrs. Hall Bought Arsenic But
Denies Using It in Making
Pancakes.**

MEMBERS OF THE FAMILY

SAY MOTHER IS INNOCENT.

W. G. Hall, husband (poisoned)—"It's all a mystery to me. Even if my wife be convicted, and I think it very improbable, I will remain convinced to my dying day that the arsenic was in that flour when we bought it."

Bertha, daughter, aged 18 (poisoned)—"I'm sure mamma didn't poison us. I don't care what the neighbors say. Anyway, how could she? I was last to bed the night before and when I went to make cakes the next morning the sack hadn't been opened."

Mary, daughter, aged 9 (poisoned)—"My mamma didn't do it. She's too good. She's a nice mamma."

George, son, 28 (didn't eat cakes)—"Father and I were with mother when she bought the flour, and I'm sure she could not have put poison in it. I could not believe that a mother of four children would try to poison her family—for any reason whatever."

Lancaster, O., Jan. 12.—Accused of poisoning her 12 year old daughter, Ruth and confronted by a chain of circumstantial evidence, but believed innocent by her husband and three other children, whom she is alleged to have attempted to poison, Mrs. Nancy Hall, 50, wife of W. G. Hall, fruit dealer, held in the county jail, awaits with apparent calmness the outcome of her preliminary hearing, which has been set for next Tuesday.

This town is agog with excitement. All interest centers upon Tuesday's developments when the law on one side, fighting for her conviction, will be pitted against the three surviving children and husband struggling for her exoneration and freedom.

Twelve year old Ruth Hall died in great agony after breakfast on pancakes, Dec. 13. The father and two daughters—Bertha, 18, and Mary, 9, were taken violently ill, but recovered.

A postmortem examination of little Ruth's stomach revealed the presence of a large amount of arsenic.

"Enough to kill a horse," the report of the state chemist said.

The mother purchased the pancake flour on the evening of December 11 and told her daughter, Bertha, to prepare cakes for breakfast. This the girl did. Suspicion was fastened upon the mother, however, and her arrest came after an investigation made by Joe D. Clary of the Mahoney Detective Agency of Columbus.

Hall and his four children were insured for a total of \$2800 with the Prudential Life in favor of Mrs. Hall. She has collected \$246 insurance on the life of little Ruth, it is said.

Mrs. Hall in the county jail, is suffering from a nervous breakdown. She has been ill since the death of her daughter. Asked whom she wanted to defend her before she was removed from her home, Mrs. Hall answered, pointing above: "There is my lawyer and my judge."

Attorney J. W. Deffenbach has been retained as her counsel and with the husband and family, is optimistic as to the outcome of Tuesday's hearing. Prosecutor T. T. Courtwright allowed Clary to file the affidavit for the woman's arrest upon the strength of the circumstantial evidence submitted.

"My wife did buy white arsenic at the Davidson drug store shortly before the death of our daughter," Hall admitted, when asked about the case, "but that can be easily explained. We had rented an outbuilding to a neighbor to store household goods and the

NO CHANGE LIKELY IN LOCATION OF BASEBALL GROUNDS THIS SEASON

Newark fans received with much rejoicing, the announcement Thursday that W. H. Watkins had stated positively that he would place a ball team in Newark this season. The prospect, which faced the fans, of going without baseball for a season, was to say the least, unpleasant and even though there was a come-down from Central League ball to the State League class, the fans were joyful.

While in Newark yesterday, Mr. Watkins visited several sites which might be converted into baseball grounds with more regard to convenience of location, but reached no decision to change the location of the plant from the present site at Wehrle Park.

The Jefferson street grounds, which has been used by the city amateurs for many years, was looked over as was the Eleventh street site, formerly the Y. M. C. A. athletic field. He also looked over the situation at Indiana street and the North Fork. However, after learning that this was within two blocks of the new City Hospital site, he abandoned any idea he may have had to locate the ball plant there. It was not his wish to interfere in any way with the hospital.

While he made no statement as to his decision in the matter, it is learned that there is little probability that the location of the grounds will be changed. The fact that the present plant is in such good condition, with a new grand stand and newly strengthened bleachers, probably has much to do with his failure to decide to change.

Newark fans did not like the brand of State League ball as was delivered here in the past two seasons, with the exception of the few weeks in which Watkins had control of the club in the fall end of the 1910 season.

However, the mere fact that Mr. Watkins is behind the club, assures Newark lovers of baseball that the Newark team will at least allow a favorable comparison with the other teams in the league.

Newark has had a taste for the lacy ball of the Central League, and there will no doubt be a tendency to compare Central League baseball with the State League class.

Under the circumstances, it's not up to Newark to be the chooser. Central League baseball in Newark did not succeed sufficiently to warrant local capital in taking hold of the property.

It was not through any fault of the Newark fans, but was a succession of troubles, "hoodoos" if you wish, which conspired to make Central League baseball in this city at least, unwise.

The three greatest of these troubles were, the high salaries paid, the poor attendance on the road and the long jumps necessary to play the schedule as arranged.

A salary limit in the Central League, which would be strictly adhered to by all the clubs, would make it possible for the game to succeed in Newark, and a club under these conditions, with an even break in luck could probably quit the season with all bills paid.

Other Central League towns, no better than Newark make much of the fact that they are still in the Central. They do not comment on the amount of their indebtedness which hangs over each season. So town in the league quit the season with as small a debt as Newark, and at the same time, tackled the serious proposition of financing a Central League club with as small a reserve capital as Newark.

None of the other clubs had as much bad luck as Newark. The local club had more players injured during the season than any other club and as a consequence, had more men continually on the pay roll than any other team.

When the local committee conferred with the league magnates at South Bend last July, they were told that the salary limit was \$1,500 per month.

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar.

However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention the Newark Daily Advocate.

When asked what the pay roll of the homeless Grand Rapids team amounted to, President Carson said it was between \$2,300 and \$2,400. When the team arrived here and Business Manager Ragan turned over the records to the local management, the pay roll footed up \$3,100, and it remained at that figure almost the entire season in spite of every effort on the part of the management to trim it. As far as one player founded into condition after an injury or sick spell, another was ready to take his place and according to baseball ethics the management had to take its medicine.

Then on top of all this, came the accident at the park when the bleachers collapsed and followed immediately by the destruction of the grandstand by fire, together with practically all the baseball equipment.

The destruction of the grandstand cost in round numbers \$1,500 or the amount which had been subscribed as a guarantee fund. This amount would have tided the club over nicely to the end of the season. The injury to Ragan alone cost the club in hospital bills and salary more than \$200, besides the additional salary that was paid to the man to take his place.

But it is now time to forget all this and look forward to a pleasant season of baseball under W. H. Watkins. Mr. Watkins came to Newark the first time and took possession of a tail end club and placed it in fourth position with a little more than six weeks of play.

It is not too much to expect that the club which he will place here for the opening of the season will continue to be a flag contender from the first tap of the gong.

As has been stated before, Newark owes much to Mr. Watkins. His generosity in surrendering his insurance policies at the time of the unfortunate destruction of the grandstand last summer, was the only thing that made it possible for the rebuilding of the structure.

Unlike other baseball promoters who came to Newark, Mr. Watkins is not waiting for a hand out. He will deliver the goods and then expect the fans to support him. His past achievements as far as Newark is concerned, has already placed him on a friendly basis with the fans, and they have the confidence in him that has not been placed in other backers in Newark.

Local enthusiasts will await with interest, the first announcement from Indianapolis regarding the plans for Newark this spring.

THOUSANDS OF PEOPLE HAVE REQUESTED US

To continue this great sale of sales, and owing to the bad weather and other conditions, we have decided to grant their request by continuing the big sale throughout January.

Clothing at Wholesale Prices

We honestly believe that no clothing store in Newark have ever offered the people such astonishing low prices as we are now offering the buying public. More than anything else we want to impress upon you that these goods are not sales goods, the reduction on each and every article are bona fide—the old ticket remains side by side with the new.

COMPETITION PARALYZED AND SHRIEKING FOR MERCY

But there will be no mercy shown. We have triumphed on the commercial fields. The people are wild with enthusiasm and have awakened to the fact that they can save from 35 to 65 per cent at this great sale. Competition bewails the day that this great sale ever saw the light of day, but their frenzied cries for mercy will go unheeded, as our only object is to make this sale the biggest in the history of our business.

WILL GIVE \$500 TO SICK OF NEWARK AND VICINITY

Indiana Scientist Who Originated the Now Famous
'Home Treatment' Offers \$1.00 Treatment
Free to Sick and Ailing.

In order that every reader of the Advocate who needs treatment may have opportunity to test this celebrated medicine, the now famous Indiana scientist has come to the front with an offer to give absolutely free a full size \$1.00 package to five hundred persons to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have told me after wards that my treatment had cured them after doctors and everything else had failed. I want to show these despairing people that all the newspaper talk about my treatment is absolutely true. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged—that my treatment really and actually does accomplish the wonderful results that have been reported."

that Newark took enough of a lead to save the game.

Plain City started their scoring early in the game and within a very few minutes had run the score up to thirteen points. In the meantime, Newark succeeded in scoring ten points on field goals and through the excellent basket tossing of Lucas on fouls, scored an additional five points which gave them a lead of three points at the end of the first half.

Plain City made a change in their line-up in the second half by switching their two guards, Allen and Bechtel. It availed them nothing, however, as neither of the two players did any scoring, though the defense was improved somewhat.

None of the Newark players was in his usual form last night and much of the game was played in Newark territory. Like the last three teams that have played here, Plain City had a habit of being on the spot where the ball landed, and if the goal throwing had been more accurate, the score might have been different.

Foust, Bigelow, and Atkinson of the visitors, each scored four field goals and they were easily the most consistent players on the team. As usual, Livingston scored the most points for Newark, though each of the other four players were strong on defensive work and assisted Livingston in the point making. Woodward and Edwards were particularly active on the defensive work.

The two halves were different in that fouls were called very closely in the first half by Referee Moore, while in the second half, Referee Campbell allowed many violations of the rules to go without notice. In the last half, Moore, who was umpiring, called more fouls than did the referee.

In spite of the stormy weather and low temperature, there was a good sized crowd in the hall, and when the Newark bunch took the lead, the cheering was deafening.

Newark people are "warming up" to the basketball game mainly through the excellent class of sport as offered by the "Y" management. The crowds are increasing in numbers with every game and with a little more favorable weather, the capacity of Hickey hall will be taxed.

Tonight at 8 o'clock, the team of college players from Hiram will oppose the Y. M. C. A. team at Hickey hall. This team is fast and will give the "Y" boys a stiff contest. Line-up: (Newark, 600.) Plain City, (27.) Livingston, L. F. Foust, L. F. Lucas, R. F. Bigelow, R. F. Edwards, C. Atkinson, C. Reinhold, L. G. Bechtel-Allen, L. G. Woodward, R. G. Allen-Bechtel, L. G. Sudman, Field Goals, Livingston, 5; Woodward, 4; Lucas, Edwards, Foust, 4; Bigelow, 4; Atkinson, 4. Goals from fouls—Lucas, 5; Edwards, 1; Livingston, 2; Bechtel, 3. Referee and Umpire—(Alternating), Moore of Denison; Campbell of Plain City.

CAUSE AND CURE OF DYSPEPSIA

Thin Blood to Blame in Many
Cases and a Blood Tonic the
Right Remedy.

There is the most intimate relation between the condition of the blood and the activity of the stomach. The blood depends upon the stomach for a large part of its nourishment, while every act of digestion, from the time the food enters the stomach until it is digested and assimilated by the blood, needs plenty of pure, well-oxygenated blood. The stomach works only according to the quality of the blood.

The most common cause of indigestion is anemia, or lack of blood. Indigestion is not a single disturbance of the health of the body, but any form of exhaustion or lowered vitality, that may not lead to stomach trouble. Disordered blood is the one common cause of indigestion. Thin, impure blood weakens the muscles of the stomach and lessens the product of the glands which furnish the digestive fluids.

Nothing will more promptly cure indigestion than plenty of pure, well-oxygenated blood. Dr. Williams' Pink Pills for Pale People increase the red corpuscles, the oxygen-carriers of the blood, until the blood is rich and red. A thorough trial of these pills gives a hearty appetite, perfect digestion, strength and health.

Mr. Alfred V. Lewellyn, whose address is Box 422, Olyphant, Pa., says: "I am glad that I took Dr. Williams' Pink Pills for Pale People for indigestion and a general nervous breakdown. I suffered continually with indigestion, had gas on the stomach and almost constant pain in the abdomen. I grew very nervous. My sleep was not restful and I had terrible dreams. My legs ached and were numb at times. I had frequent headaches. I grew so weak that I could not do a day's work and was much discouraged. A friend in the old country who had been aided by Dr. Williams' Pink Pills for Pale People advised me to try them. I had no color in my face when I began taking the pills. I began to improve with the first box and kept on until I was cured. I have gained several pounds in weight and am in perfect health and able to work as hard as at any time in my life."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, in a box of six boxes for \$2.50. By the Dr. Williams' Medicine Co., Schenectady, N. Y. Send for free booklet, "What to Eat and How to Eat."

COURT NEWS

Case Continued.

The case of Sylvester Cummins vs. Ella J. Cummins, which was for trial in the Common Pleas court for Friday, was continued by the court on application of Kibler & Kibler, attorneys for plaintiff, on account of the absence of several material witnesses. All the parties live in the southeastern part of the county. The action is for divorce and alimony.

and has been appealed from the Probate court. The heavy snow and the condition of the weather was the cause of the continuance.

Will Cave in Court.
In the case of Isaac Mazelin vs. Tilden Mazelin and others, which is an action to contest the will of Francis N. Mazelin, which has long since been pending in the Common Pleas court was before the court Friday on an application made by Kibler & Kibler, attorneys for plaintiffs to substitute Theodore Mazelin as administrator of the estate of Henrietta Lecker, deceased, in her place and stand in the case on account of her death. The court ordered the substitution made and the case revived in the name of the administrator.

Decision is Deferred.
In the divorce case of Grover Clary against Jeanette Clary, defendant had filed an answer, and cross petition but before the hearing she withdrew it from the files and the case proceeded as if uncontested. Before the conclusion of the plaintiff's testimony Judge Hunter ordered the defendant herself to be brought into court as a witness, so the case could be heard with both the parties in court. At the conclusion of the testimony the court took the case under advisement and stated that certain complications existed that would make it necessary to defer rendering a decision.

PILES DEFY THE KNIFE.

The Cause of Their Formation Still Remains.
One place where surgery fails, to bring permanent relief is in the treatment of piles, because even when the evil tumors are cut away, the cause of their formation still remains. HEALTH HINT FOR TODAY.

Thrush in Babies.

Treatment for thrush, which is a

parasitic disease, consists in kill-

ing any parasites that have gain-

ed access to the mouth and see-

ing that no more find their way

there. All bottles and nipples

must be thoroughly scalded after

use and left in clean cold water

until the next feeding time. The

milk itself should be pasteurized.

Then the mouth itself must be

carefully inspected for the slight-

est sign of redness, white

patches of the disease. Get from

your druggist some glycerin of

borax diluted down to one-quarter

strength and dab this well

on to all the white spots; it will

be found anywhere on tongue, gums

or cheeks. A finger may be used

as an applicator or a piece of

clean linen. This treatment

should be carried out after each

feeding time, for it is on the re-

mains of the milk left in the

mouth that the thrush parasites

flourish. If intestinal irritation

results and shows itself by severe

diarrhea it is best that the milk

should be boiled rather than sim-

ply pasteurized, for boiling, al-

though it reduces the nourishing

qualities of the milk slightly,

is a more certain means of destroy-

ing germ life.

MANAGER FENBERG

ONLY A SPECTATOR.

Manager Fenberg of the Orpheum,

dropped into a billiard room Tues-

day to write away a few minutes

before going to his post of duty,

says the Canton News-Democrat.

Mr. Fenberg, an erect, dapper

man, a confidant of the public,

interested in a game of three-cush-

ions at a table near him. John

Myer and Orth who are

playing at the Orpheum came in

and inquired of Fenberg whether he

would join in a short social game

of billiards. Fenberg accepted the

invitation, removed his coat, and

selected a cue. Myer won the first

point game, Fenberg stepped back

to chalk his cue while his opponent

started the play. Myer scored on

his opening shot, and in a short time

had twenty points without any sign

of a miss. Thirty, thirty-five and

forty were passed, and still the balls

rolled kindly. At forty-five no ex-

pected difficulty arose after which

the fifty points were run out with

ease. Fenberg, who had taken no

seat, remained silent until Mr. Myer

had finished when he exclaimed, "good-

naturedly, 'Myer, you didn't want

anyone to play with you, you wanted

someone to watch you."

Woman Finally Recovers From Nervous Breakdown

Improvised nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Anna Kounz, 217 Mechanic St., Pueblo, Colo., says:

"For many years I suffered from nervous prostration; I was unable to do any house work and doctors failed to help me. Remedies I tried from druggists did not do me a particle of good. A neighbor told my husband about

Dr. Miles' Nervine

and he procured a bottle. After the first few doses I showed a marked improvement and after taking two bottles I was entirely cured. I have been perfectly well for years and cannot praise Dr. Miles' Nervine too highly.

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep, if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nervine

has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.

Press Agent Says:

"UNCLE JOSH" TONIGHT.

Uncle Josh Sprucey is coming to

town and that is so, it is new, for

the theatre-goers of this city. The old,

favorite, which comes to us as a

season entirely rewritten, but still

holding all those big features which

made it show so successful for the

past fifteen years, will be at the Au-

ditorium, the night.

It is from the Land with this com-

pany is their famous, "Uncle Josh

and a feature that has be-

come an established institution in

every town in this country. The

band carried by this company is

composed of ten solo artists.

"Uncle Josh Sprucey" is a com-

edy drama in four acts, and some of

the features here are the bur-

lesque and burlesque, the "Uncle

saw" mill scene, where a real saw-

mill is seen in actual operation, and

the funny antics and homely com-

edy of Uncle Josh, Aunt Fanny, and

the "Uncle Josh" who keep the audi-

ence in a constant uproar during the

entire play. For this reason the prices

will be reduced, although this com-

pany has played for years to higher

prices throughout the entire United

States.

"BABY MINE."

"Baby Mine" is the latest and

most successful youngster of the

present age. In fact it scored such

a success in New York City that it

remained at the Theatre for over

a year, such a howling success, that

troupe and audience nearly raised

the roof with shrieking laughter.

SOCIETY

Announcement is made of the marriage of Mr. Edward Jones of Indianapolis, Ind., and Mrs. Minnie Chalmers of Newark, O. The marriage was solemnized on Thursday evening in Indianapolis.

Miss Louise Kuster, delightfully entertained the members of the S. F. Club at her home in Clinton street on Thursday afternoon. The hours were spent in sewing and a guessing contest was held. The contest was called the "Flower Basket" and the souvenir was received by Miss Ada Snelling. The souvenir was a beautiful floral basket filled with pink and white roses and smilax.

A luncheon was served to the following members: Misses Evelyn Clunfield, Laverne Seymour, Dora Factor, Harriet Lake, Esther Graef, Alice Yates, Lucille Coffman, Esther Tyler, Marie Kuster, and Ada Snelling. The guest of the club was Miss Dorothy Kuster.

Miss Margaret Connors entertained the members of her sewing club at her home in East Main street on Thursday evening. The hours were spent with the needles and the party was agreeably surprised when a number of boys invaded the sewing party. The evening was then spent with music and dancing and a delicious luncheon was served.

The following were there: Misses Helen Stapleton, Mary Hudson, Anna Hudson, May Conley, Marjorie Fisher, Rosanna Dennison, Rose Mary Floyd, Bernice Floyd and Helen Connors, Messrs. Homer Robinson, St. Nicholas, William Anderson, Walter Early, James Walker, Lucien Sullivan, and Wilber Stanton.

BAER-WILLIAMS.
The many friends of Miss Norma Williams of Pittsburg will be surprised to hear of her marriage to Mr. W. Baer, also of that city. Miss Williams has visited here many times and was the house guest of Miss Augusta Gruber last summer.

COUNCIL TO MEET WITH COMMITTEE

The finance committee of the city council will hold a meeting Sunday in conjunction with the entire mem-

bership of the city council to go over in detail the finance ordinance appropriating funds for the running expenses of the city for the first six months of 1912. The committee has already gone over the budgets from the various departments and has drafted an ordinance in accordance with the requirements of these departments. Sunday the councilmen will go over the various appropriations and discuss them thoroughly so there will be a thorough understanding of the ordinance when it is presented at the Monday night meeting of the city council.

UNTIMELY INDUSTRY

I know a man who always seeks for work, some wealth to earn, and bitter tears roll down his cheeks, since we his offers spurn. He simply cannot understand why he's turned down again; there is no comfort in the land, he says, for working men. When sizzling summer days are gone, and howling blizzards blow, he comes around to mow the lawn which is knee-deep in snow. "I want to shovel snow," he cries, when August days are hot; in winter he would swat the flies, when there is none to swat. Oh week days he will bark at rats, but when the Sabbath comes he oils his elbows and his knees and then he fairly hums. The shingles may let in the wet, but still he stands aloof until there's rain, and then, you bet, he wants to fix the roof. This man who represents a class, is always shy of dough, and his declining days he'll pass off where the paupers go. If you would gather in the seeds in comforting amounts, quit training with the trifling lads, and do the work that counts.

Her Frugal Mind.
A man whose illness threatened to develop into typhoid was taken to the hospital. Instead of growing worse he improved, and at the end of the fourth day, when his wife visited him, he asked to be taken home. "But you have paid for a week," replied his thrifty spouse. "They won't refund the money. You had better stay your week out."

For buttoning buttons from clothing an Indiana man has invented scissors supplied with a guard to prevent them cutting the cloth, too.

A COURTSHIP ROMANCE ENDS IN MARRIAGE

West Virginian Comes to Newark to Claim a Bride He Won By Correspondence.

After a courtship of two months by letter and a personal acquaintance extending over only a day, Mr. Lafayette Crouser of Manington, W. Va., and Mrs. Rachel Haines of Vine street were married on Thursday evening at 8 o'clock. The bride is 35 years old and the groom is but one year her senior.

Mrs. Haines is the widow of the late Thomas Haines of Vine street, and has been making her home alone. Wearing of a lonesome existence and seeking for a congenial companion, in a spirit of half amusement and half earnestness, she answered an advertisement placed in a paper by Mr. Crouser, who was also tired of living alone.

Mr. Crouser responded to her letter and a correspondence sprang up resulting in Mr. Crouser coming to Newark to claim a bride whom he had never seen. The meeting on Wednesday dispelled the illusions of neither the prospective bride nor the prospective groom and on Thursday evening at the bride's home, Rev. G. W. Tyler, pastor of the United Brethren church read the marriage service. The only witnesses of the ceremony were Mr. Crouser and his daughter Hazel, neighbors of the bride.

The groom is said to be a farmer of some means in West Virginia and it is probable that these partners in the "Company of Romance" will go to West Virginia to reside.

WHAT WINTER DOES TO WOMAN'S BEAUTY.

"Eriestenne" in Woman's Journal.
"Wind and cold weather roughen, reddens and snags the skin. The best protection is a home preparation made by dissolving a small original package of mayatone in half a pint of witch hazel. Apply to face, neck and arms. It will not rub off or show like powder, and it makes the skin soft, smooth and shiny."
"If you now have chaps or cold sores, apply Mother's Salve before retiring. It is antiseptic and healing and is a splendid remedy for pimples, eczema, sores and all skin afflictions."

"Dry shampooing is preferred to washing the head, because all wet shampoos make the hair dry, brittle and colorless. To make a dry shampoo put a cupful of corn meal in a fruit jar, add the contents of an original package of thorax and shake together well. Sprinkle a spoonful on the head and brush through the hair, and the scalp and hair will be clean and sweet. It leaves the hair light, fluffy and beautifully lustrous."

BAD COLDS AND GRIPPE VANISH IN A FEW HOURS

The most effective and harmless way to cure the Grippe or break a severe cold, either in the head, chest, back, stomach or limbs, is a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel the cold breaking and all grippie symptoms going after the very first dose. It promptly relieves the most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, soreness, stiffness and rheumatic aching.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

After three years' research we have conclusively demonstrated that quinine is not effective in the treatment of colds or grippie.

TONIGHT SECOND PRESBYTERIAN CHURCH.

Mrs. Chandler Tucker will sing to-night in the Second Presbyterian church at the praise and prayer service. All come who can. Sunday school will remember the three patriarchs, connect them with Moriah, Beersheba and Jabbok. Memorize chapter 22, verse 18 in the same book as history is found.

APPLICATION FOR PARDON.

Application will be made to the state prison pardon board for a pardon for Frank H. Graef of this city who is now serving a fifteen months' sentence in the Ohio Penitentiary for complicity in the July riots in 1910. Newark friends of Mr. Graef are behind the movement.

MR. STURGEON IMPROVED.

Cliff L. Sturgeon, of Sturgeon's grocery, who has been quite ill of appendicitis for several days, is much improved today and was able to come down stairs at his home. If his improvement continues, the operation which was last week thought necessary, will not have to be performed. Mr. Sturgeon's many friends will be glad to learn of his improvement.

MR. DAVIS IMPROVING.

C. Harrington Davis, son of Wm. H. Davis of the Licking Creamery company, is confined to the Miami Valley Hospital, Dayton, O., where he underwent an operation for appendicitis last Saturday. Mr. Davis was quite ill for a while, but is improving now. He has been able to take a little nourishment and it is believed that his recovery will be complete within a week or two.

YOU DON'T NEED A NEW STOMACH

You Can Now Look Any Meal Square in the Face and Then Just "Go For it," If You Take Stewart's Dyspepsia Tablets.

Try! Package Sent Free to Prove It. The stomach will go on patiently for years enduring abuse, overwork and general ill-treatment. So we are apt to think it can stand anything. But when the stomach does rebel, look out!

"Every Heart Smiles at Me Now Since I've Been Taking Stewart's Dyspepsia Tablets."

The minute the stomach ceases to perform its functions properly the whole body begins to suffer. The food is only half-digested, the body only half-nourished. And the undigested portion of the food ferments and decays, generating nauseating gases which derange the whole system. The eventual result is chronic dyspepsia, heartburn, bad breath, dizziness, flatulency and sick headache.

Stewart's Dyspepsia Tablets instantly relieve all ailments of the stomach and digestive tract. They act quickly, safely and naturally—just like Nature herself. They contain in themselves the elements which go to make up the natural gastric juices. They actually digest the food, relieving the stomach of all the hard work. Stewart's Dyspepsia Tablets are the standby of many a doctor in the worst cases of stomach trouble, and they never fail him.

All druggists carry and recommend Stewart's Dyspepsia Tablets. They are sold at 50 cents a box. If you want to try them first, we will send you a trial package free on receipt of your name and address. F. A. Stewart Co., 150 Stuart Bldg., Marshall, Mich.

STOCKHOLDERS OF LOAN ASSOCIATION ELECT OFFICERS

Travelers Club of Granville Held
Enjoyable Meeting—News of
the Old College Town.

At a meeting of the stockholders of the Granville Building and Loan Association, the following directors were elected: W. J. Pond, L. W. Stark, E. A. Smoots, John Geach, and W. H. Kussmaul. The directors organized by the election of the following officers: President, John Geach; vice president, F. E. Robinson; treasurer, J. W. Ackley; secretary, E. J. Corsey; attorney, Rodger Jones; appraising committee, E. A. Smoots, L. W. Perry and W. H. Kussmaul.

The last regular meeting of the Travelers' club was one of the best that has been held for some time. There was not only a large number of the members present but unusual interest and enjoyment was taken in the proceedings. The first paper of the afternoon was by Mrs. Clemons, her subject being "A Representative Writer." She chose as her model Bret Harte, and gave an interesting and instructive sketch of his life after which she read two of his poems. After an interesting Mrs. Hines gave one of her fine talks, her subject being Luther Burbank and his work. The talk elicited much interesting discussion and numerous questions. The guests of the club were Mrs. Frank Robinson, Mrs. Fond, Mrs. Loveless, Mrs. Hammond, Mrs. Seymour, Mrs. Jones, Mrs. Ed Wright, Mrs. Cheshire and Miss Day.

After a short visit with relatives and friends in the village, Mr. and Mrs. J. D. Orkney have returned to their home in Delphos, O.

The lecture on "Church Etiquette in Principle and Practice," by the Rev. Frederick Fischer of Zanesville, given in Recital hall was well attended, and was greatly appreciated by those who were so fortunate as to hear it. The address was intended primarily for ministerial students, but all who attended it enjoyed it. Mr. Fischer found in etiquette the reflection of the real condition of the soul life, and that conduct is not added from without, but grows from within. All other phases of society are cared for in books on etiquette, but none of these books, adequately, if at all, take up the subject of conduct in the church. There are certain church interests that demand certain behavior: the building, the parts of worship, the minister, the presence of God. The speaker insisted that there is need for etiquette governing our relations to the church as a divine institution and human organization.

The funeral services over the remains of Ernest F. Barnes, son of the late Mayor E. J. Barnes, of this place, who died at his home here on Tuesday night was held in the prayer room of the Baptist church Friday afternoon at 2:30 o'clock and were conducted by Dr. C. J. Baldwin. The interment being made in Maple Grove cemetery.

Mrs. W. A. Mitchell received a telegram telling of the death of her father, which occurred at his home in Galesburg, Ill., Wednesday night.

Miss Fanny Friesland, of Gallon, O., who has been spending a few days here with relatives and friends, left for her home Thursday night.

Mrs. C. B. White, who has been spending the holidays in New York City, has returned home.

FOLKS PAST FIFTY MUST USE CASCARETS

What Glasses are to Weak Eyes, Cascarets are to Weak Bowels—a 10 Cent Box Will Truly Amaze You.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One night as well return to aid weak eyes with glasses as to neglected bowels with Cascarets. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

HEAVY SNOWFALL S PREDICTED FOR THE COMING WINTER

There was quite a drop in the temperature Thursday night, and the mercury at one time stood at five degrees above zero. During the night there was quite a fall of snow which was accompanied by a brisk north wind. The snow plows were out early Friday morning and by the time the average business man was ready to start for his work the walks were clear of snow. The snow made excellent sleighing and quite a number of sleighing parties are being planned. The "oldest inhabitant" predicts that the winter now upon us will be one of the most severe in years, and that snow fall this winter will be unusually heavy, providing good sleighing for weeks at a time.

GAVE HIM NEW LIFE

James H. Clark of Lowell, Mass., Says Father John's Medicine Has Done His Throat Trouble More Good Than Anything He Has Ever Taken.

I have suffered all my life from throat troubles and asthma which I inherited from my father.

Sometimes the asthma has been so bad that for weeks I could not go to bed.

About all the money I could earn was spent for doctor's fees, but none of them seemed to do me much good.

Since I began to take Father John's Medicine, it has given me new

life, and it has done me more good than anything I have ever taken. I am taking his wonderful medicine right along and am sure that it is going to cure me. All my family takes Father John's Medicine, and we would not be without it in the house. It keeps us well and free from coughs and colds.

INSOMNIA AND NERVOUSNESS

Evans' Drug Store Having Tremendous Demand for Morse's Glycecole—A Purely Vegetable Remedy That Contains No Opium, Bromides Nor Coal Tar Product.

It Soothes the Nerves, Brings Restful Sleep and Completely Restores Shattered Nerves to Normal Condition.

No wonder the people of Newark are flocking to the drug store of J. Evans when he is selling a purely vegetable remedy on the money back plan for the following ailments:

Insomnia, brain lag, nervousness, restlessness, nightmare, lack of vitality, energy and confidence.

Morse's Glycecole isn't a patent medicine. Always bear that fact in mind. It is the prescription of a famous Toronto physician and has been used in hospitals and by physicians in private practice throughout the English speaking world for 32 years.

The formula is printed on the label so that you can see for yourself that it does not contain a particle of morphine, bromides nor any coal tar product.

If you suffer from sleeplessness, that tired out feeling, despondency or inability to perform your daily duties, get a bottle of Morse's Glycecole today. The healthful happiness that will come to you after a few days' treatment will astonish your friends as well as yourself.

Morse's Glycecole will restore to perfect health any person suffering from any nervous affections. Price 50 cents a bottle, and money back if not satisfied, mind you, and without any red tape.

For stomach distress, gas fermentation, sourness and indigestion, the one best remedy is Gaspepsin at Evans' Drug Store, 50c.

HUSBAND SICK

WIFE TAKES PLACE ON POSTAL ROUTE

White Plains, N. Y., Jan. 12.—A substitute carrier took out the mail over Rural Route No. 5 yesterday in the place of William Girling, the regular carrier.

Girling didn't feel well on Tuesday and Mrs. Girling went from her home in Lenders road, White Plains, to the postoffice to see if she couldn't help him. The carrier was so ill then that his wife started out over the route with him. By the time they reached Hartsdale he was in a fever and one the verge of delirium. Mrs. Girling put him to bed in the home of Chester Dodds, called a physician, and with the wife of Calvin T. Goldsmith, another rural carrier, set out to make deliveries in her husband's place.

Girling's route is 22 miles long. Mrs. Girling covered it without a hitch and reported at the White Plains postoffice on time. She made arrangements for another carrier and returned to Hartsdale to nurse her husband through the night. Her work with Mrs. Goldsmith that day had not been easy for the roads were heavy with ice.

RAINEY SLAYS LIONS WITH HIS AMERICAN DOGS

London, Jan. 12.—J. D. Rainey, who has just returned from British East Africa, where he has been hunting lions and dogs, yesterday said: "I'm going to New York in two months, and all then I'm to do is to go to Paris for six months, later proceeding to India to hunt tigers with dogs."

Five killed seven tigers in eleven months in one day. I have found only one way to get tigers with dogs. The tigers must see me to kill some lions. As I have had no lions, I have tried to poison in order to get some. My dogs enabled me to kill them all. My dogs are American. They are trained in the best way. They are a good deal of the bloodhound in fact. They are of a breed which the old hunters had before the civil war. Often mine have got a leopard down and killed it.

I have two packs of attack dogs for tracking and fighting. My method has been to take the dog on a wet weather and strike and follow the trail with the tracking pack. When the lion was found, the dogs turned the fighting pack loose.

"I have had only two dogs killed outright, eight died from the poison of wounds, and fifteen died from the tigers' claws."

LUMBERMEN SUFFER FROM SEVERE COLD

Duluth, Minn., Jan. 12.—Reports from Northern Minnesota lumber camps indicate suffering among the men in the woods. Temperatures of from 40 to 50 below preclude the shipments of vegetables and the camps are serving straight meat bread. Team sleds are being laid up and only those camps having traction engines are attempting to haul logs out of the woods. Cutting however, is but slightly impeded.

When Mrs. Joseph Lombard, who lives at 229 Starr street, Brooklyn, wrote this letter in the hope that it would be seen by discouraged women, she did something that will be of help to many thousands.

She says: "After suffering for five years from weakness and loss of flesh without finding any relief, I almost gave up hope of ever getting better."

About this time Vinol was recommended to me and I have found it a truly wonderful remedy. I have regained my health and feel strong and well again. I cannot say enough in praise of Vinol.

All weak, exhausted women and men, all pale, puny children and feeble old folks can have new health and strength by taking this delicious food liver and iron remedy. It contains no oil and is agreeable to even the most delicate stomach. Vinol is a great appetizer and body builder for every person who is run down and weak. We give back your money if Vinol does not do all we claim. F. D. Hall Druggist, Newark, Ohio.

RENO, Nev., Jan. 12.—There have been thirty-five suits for divorce filed here since Jan. 1. In 1911 the average was thirty-five a month. There are approximately 600 men and women in this city seeking divorce, representing one twentieth of the entire population. Of the divorce

colony, 70 per cent are women. The number of men here for this purpose has increased the last three months, when previously, fully 80 per cent were women. While the new requirement of simply a physical presence here for a legal period establishes residence and gives the Court jurisdiction regardless of why they come and whether or not they intend to remain, the proof of such presence is much more exacting by the courts than heretofore.

While at the present time there is none here of national note, the colony includes more of second class prominence than ever before who are quietly slipping into cottages and resorting to every means to prevent their presence and identity from becoming known.

APPLICATIONS FOR DIVORCE ON THE INCREASE

Editor Advocate: I notice in the issue of your valuable paper of January 10, an article over the signature of "Humanitarian," referring to cruelty to a dog, presumably, occurring in our city and casting some reflections, to say the least, upon either the humane society in this county or its agent. I am one of Newark's citizens who is not only in favor of the punishment of all persons who offend under the laws for cruelty to animals whether a dog, or any other dumb animal, but stand ready and willing, either financially or otherwise to assist the agent of the society in this county for the prevention of such cruelty. Now let me say also, that it must be generally known that Licking county has not only such a society, but an agent, in the person of Henry Wytch, Esq., one of the best if not the most competent agents any such society ever had in this county, a man who does his duty faithfully and fearlessly. And yet, very little, if any, encouragement, as I am informed, has been given him by the general public. An examination of the record discloses that Mr. Wytch has taken to trial and punished a number of persons guilty of cruelty to dumb animals within the past two months. The records further show that while the laws of the state allow him a certain compensation "part of which is to be paid by the city of Newark, and part by Licking county," yet nothing but a mere pittance has been received by him up to this time. No effort, apparently, has been made to pay him what the law allows. Now that this officer has rendered good and faithful service, do you not think that all good people should join in giving him their united support in bringing all offenders to justice?

Let us pay this officer and no offenders against this law, cruelty to animals will go free, but they will be promptly and speedily prosecuted to the full extent of the law.

Now if any one knows the parties who were guilty of this dynamic cruelty to the dog in question, it such an outrage occurred in Licking county during the past year, will report the name or names of the offenders, or facts from which the names may be obtained, this officer will do the rest, and such persons, who have not the principles of a dog, will be speedily brought to justice. DON'T PULL OUT THE GRAY HAIRS

"Pull out one gray hair and a dozen will take its place," is an old saying which is, to a great extent true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead some good, reliable hair restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

HAVE YOU A BOY?

Or are you a friend of boys? If so you cannot afford to miss the series of lectures now being given by A. W. Conner at the Central Church of Christ. All who heard him last night spoke in terms of the highest praise of his presentation of the boy problem. He used a large chart to show the conditions of life through which a boy had to pass. As far as the church's contribution to the boy problem is concerned, he presented facts and figures that astounded all who heard him. He said that only two out of six boys were attending church and that out of a period of seven years the boys only averaged 110 hours each under the direct influence of the church. Tonight Mr. Conner's subject will be "The Dignity of the Common Kid." These lectures are free and should command a large hearing. Meetings for boys only is held at 3:45 each afternoon.

Sales That Are Really Sales

You perhaps know that The McClain Store started in Newark a little over a year ago, and, no doubt, you have heard of its phenomenal success; of how the people of Newark and Licking county have by their enthusiastic support made this store the busiest and best shopping place in Newark.

Now, as in all other things, signal successes come through merit, and the fact the McClain Store has taken in Newark has been an essentially deserved one. Thousands of Licking County people, whom this store numbers among its patrons, will tell you that McClain values and McClain prices are without comparison in any store in Newark.

Have you been one of those who have profited by making McClain's then "hop-a-ma place"? If not here's your opportunity. Beginning Saturday, January 13, and continuing up to and including Saturday, January 20, we will conduct what is to be known as McClain's Profit-Sharing Sale. Too many of the sales nowadays are in reality sales in name only and indeed the good old time sale has in many stores passed out of existence.

During the period of this Profit-Sharing Sale we propose to revive in every detail the spirit of the old time sale. In the first place bear in mind this, the object of the sale is not to be one of money making for us. It is, truly, profit sharing and one in which every one will be invited to participate. Our year here has been a successful one, and if by selling at practically your own price, every article in this store, we can make new friends for the coming year, and cement more firmly the friendship of our friends of old, we will consider that we have accomplished a good, both to you and to ourselves that cannot be measured by the standard of dollars and cents.

Keep in mind that every purchase you make will be your profit not ours, and prepare yourself to see clothing marked at prices—quality for quantity considered the like of which you have never seen before.

To those who have read McClain's advertisements in the past and have become our patrons we need say no more. The high plane upon which this store has been conducted and its honesty of purpose has been very apparent to them.

To those who have never bought here, however, we can only say this, we are most sincere in any statement we may make in our store or in our advertisements.

Things are always what they seem to be at McClain's.

S.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce Rheumatism all suggest a healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rheumatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to cure who are not doing your system with mineral medicines, and that is to take S. S. S. Book on Rheumatism and any medical advice free.

SAVED HER DOG; OTHER LOSS \$50,000

Chicago, Jan. 12.—While flames were destroying the Oakdale hotel in Austin yesterday, a woman and a man appeared at a window on an upper floor and called to firemen for help. A moment later a blanket was thrown down by the man. Several firemen grasped the sides of the blanket and braced themselves to catch the body that was to fall into the improvised life net. Suddenly out of the smoke that filled her room, the woman's head appeared, and she cried:

"Hold tight, men!"
Then she threw out her little white poodle dog. It landed safely. "Now put up your ladder and we'll come down," came the order from above.

So a ladder was raised and the couple descended safely.

Besides the Oakdale hotel, three other buildings were destroyed. The loss was \$50,000.

DRUGGIST COLLINS HAS THE AGENCY FOR TONA VITA

New Tonic Being Introduced in This Country By Many Physicians.

The rush and bustle of American life is a constant strain on both mind and body. Gradually the human machine wears out under this unnatural strain and nervous debility results. Statistics show that half the people of the United States are in a run-down, nervous condition.

A man or woman in this condition can get little happiness or success out of life. They feel tired all the time, have no energy or ambition. They do not sleep well or eat well and life instead of being a pleasure seems more like a burden.

Are you one of these half sick, listless nervous people? If you are you know that there is a tonic now being sold that has brought back the old energy and pleasure in life to thousands who have tried it. The name of the tonic is Tona Vita. It is being introduced in this country by a number of physicians. It has been pronounced the greatest medicine ever before sold to the public. In each city there is an agent for Tona Vita who will refund the purchase price if the tonic fails to give you complete and entire satisfaction. Let Tona Vita build you up and bring back your strength and vitality. You will be astonished how quickly it acts. The very first dose will convince you what a great medicine it is.

Lee's Rhubarb Laxative is used as an assistant to Tona Vita in cases of chronic constipation. It is a family medicine pleasant to the taste, containing the splendid laxative qualities of rhubarb. Ask your physician about rhubarb and see if he does not tell you it is the best possible laxative for children.

R. F. Collins has the agency for these two great medicines in Newark, Ohio.

We Have a Farm For You

If you are a tenant farmer, the money, or crops you now pay the owner for rent, would pay for this farm in a few years, and it would be yours.

This farm is in a good community, with excellent drainage, and health in the very air.

It is close to a cash market.

You can raise three crops a year on this farm. Your soil need never be idle; 80 bushels of corn to acre can be raised.

Truck gardeners have no trouble netting \$500.00 an acre from the same kind of farm land.

If you are not a farmer, get back to the farm and be independent. We have a demonstration farm and expert farmers to teach you how to work this farm profitably.

We will make you a proposition that you cannot help but consider. When you read about our lands, you will want to see them. It won't cost you much and will only take a few days of your time.

Cheap rates can be made by writing our Ohio Agent, W. F. Thompson, No. 40 West First Avenue, Columbus, Ohio, or see the local Representative.

GREAT JANUARY CLEARANCE SALE

Opens Tomorrow Morning at 8 O'clock

This annual Clearance Sale, coupled with the fact that it is a fixed rule of this store that each season's stock must be sold within that season, brings about the very lowest prices on winter merchandise of the entire year. We take the frills off the announcement of the event. The values offered are so important and unusual that the plain statement of actual facts will carry our message of the sale with far more force than any combination of words we can devise.

The goods are the very qualities you have become acquainted with on your former visits to the store.

The Prices are the lowest that have ruled during any January in the store's history.

Detailed news of this Tremendous Sale event has been published in large four page circulars, as large as an entire newspaper, even this big announcement which has been distributed to every house in the city and county only carries a small percentage of the bargains involved. If you had the least idea of the unequalled savings these values make possible, you will not need the least urging to induce you to lay aside all other appointments and attend at once this great sale.

Come expecting more than you ever received before in an event of like nature, both from the standpoint of Quality and Price. You'll not be disappointed.

NO LEAP YEAR

WIFE WILL GRACE

BACHELORS HOME

Jimmie Page, Wealthy Los Angeles Clubman, Loses Nerve and Shys at Proposal.

Los Angeles, Cal., Jan. 12.—"Jimmie" Page has quit. He decided today not to accept the leap year proposal of Miss Virginia Franklin and so notified her at her home, No. 504 West Thirtieth street.

"Jimmie's" friends in the Jonathan and California clubs are somewhat disgusted with him and are seriously shocked, for "Jimmie" had bragged during the week before leap year was inaugurated that he would accept the first girl who had the nerve to propose to him. "Jimmie" is young, handsome, wealthy—altogether a good catch and no one suspected that the year would pass without his marriage. "Jimmie's" lonesome bachelorhood has been the subject of some comment in his set, for he

has frequently said—his own words—"single blessedness is hell."

Miss Franklin who is in the same set, resolved New Year's day to save "Jimmie" from any further grief at his solitary state. The second day of January she called on him at his office and formally proposed to him.

"Gimme time, gimme time!" gasped "Jimmie." Then recovering himself somewhat he added: "This is so sudden."

At last he told Miss Franklin that he would have to take a few days to consider her proposal. He set a date, Jan. 4—and said he would call her up.

The fourth came and went, but no word from "Jimmie." Today, however, he weakened. He was found deep in melancholy, at the California club and was asked about his decision.

"I can't; I can't," he whispered. "I told her I couldn't do it. Really now, don't you see—I don't know how to get married, anyway. I don't know whether I want to or not. I'm not ready. Honestly, 'dassn't."

Miss Franklin denied herself to callers and members of her family refuse to discuss the romance.

INJURED MEN ARE

ABLE TO BE OUT

Harry Nesbitt, waiter at the Kuster cafe went to his home in Mt. Vernon on Thursday. Mr. Nesbitt was seriously scalded some time ago by the overturning of an urn of coffee and has been confined to his room in the Lansing club. He is rapidly recovering and will spend some time at his home. Mr. J. S. Kuster, owner of the restaurant, who was burned at the same time, and who suffered a relapse, is able to be out again.

poison was purchased to kill rats in the building.

Mrs. Hall did not use it at all, however. She placed it in a bureau drawer for fear the children would get into it, and it was not opened until turned over to the coroner. We will prove that."

Detective John Mahoney, of Columbus, whose operative arrested Mrs. Hall, declares that he secured from the Davidson drug store a package of arsenic the same size as that purchased by Mrs. Hall. He weighed this package, he claims; then weighed the package found in the Hall home and found that a portion of the poison had been removed from the latter package.

This is disputed by Druggist Davidson, who declares that he weighed the package found in the Hall home, compared it with the package as he originally sold it, and found none missing.

Bertha, the eldest daughter, who prepared the cakes at her mother's direction, is positive that her mother is innocent. She said her mother did not have time to tamper with the sack of flour after she got home, as she was with her all the time and arose first the next morning and prepared the cakes.

"We all sat down together," said the girl. "We three girls ate four cakes apiece and papa ate four. He went out to feed the chickens, and when he returned Ruth and Mary were vomiting. I later got sick. Ruth continued her vomiting spell until 2 o'clock in the afternoon, when she died."

All of the Hall family agree with

this. Hall, his wife and son, George, purchased the pancake flour the evening before, and according to the husband, the sack was not opened. Hall says he has no enemies, as he knows. "It's all a mystery to me," he said. "Even if my wife should be convicted, which would be a terrible blow to me, and I think it highly improbable I will remain convinced to my dying day that the arsenic was in the flour when we bought it."
